# April 2012

"April Showers bring May Flowers" And poi-  
son ivy, bugs & bees, happy birds, warm sun, thun-  
derstorms and being able to enjoy being outside. Has  
anyone heard "peepers" yet? THAT is the real first  
sign of spring! With all this crazy warm weather they  
might be confused or they go by the calendar not the  
weather. We have been so lucky this winter but I do  
remember when we had snow on May 10 in the 70's.  
My snow shovel is still by the door – just in case.  
Spring gives you renewed energy to clean house,  
wash windows, plant flowers—all kinds of things that  
get you outdoors. I still hang out some clothes,  
sheets and curtains. Not many people do anymore  
but there is nothing better than the smell of clean  
sheets dried on the clothesline.

See you at the "Inn".

Judy & Crew

Director: Judith W. Loven  
Staff: Lois Royal, Roy Sharkey, Esther Tidswell, Gary Tracey  
and many Ever-Faithful Volunteers
